SECTION 4

SUBJECTS BY DESCRIPTORS

INTRODUCTION TO SUBJECT INDEX

The entries in this Subject Index do not always correspond to the Descriptors that appeared with the abstracts. Terms that were considered too broad were substituted with more specific terms whenever sufficient information was given in the abstract to allow choice of a more specific term. Terms that were considered too limited in scope were replaced by more encompassing terms. Cross-references to terms of similar or like meaning have been incorporated in the Index to increase its usefulness.
